

# Dondré Robinson

1(876)808-9090 | robinsond03@gmail.com

## Education

Herbert Morrison 2016 – 2021  
University of Technology Jamaica 2024 - 2028

## Experience

|                                                                                                                                                                                                                                                            |                    |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------|
| <b>FlueroGen   Data Scientist</b>                                                                                                                                                                                                                          | <b>20XX – 20XX</b> |
| <ul style="list-style-type: none"><li>Increased customer retention by 20%</li><li>Reduced fraudulent charges by 50%</li><li>Improved product recommendations and increased sales</li><li>Drove business decisions and reduced operational costs</li></ul>  |                    |
| <b>Pantheros Labs   Junior Data Scientist</b>                                                                                                                                                                                                              | <b>20XX – 20XX</b> |
| <ul style="list-style-type: none"><li>Cleaned and preprocessed data</li><li>Conducted statistical tests for decision support</li><li>Developed machine learning models for prediction</li><li>Collaborated on A/B tests, increased click-through</li></ul> |                    |

## Education

|                                               |             |
|-----------------------------------------------|-------------|
| <b>Jasper University, MS Data Science</b>     | <b>20XX</b> |
| Major: Data Science   Minor: Machine Learning |             |
| <b>Bellows College, BS Mathematics</b>        | <b>20XX</b> |
| Major: Mathematics   Minor: Computer Science  |             |

## Skills & abilities

|                                                                                                                             |  |
|-----------------------------------------------------------------------------------------------------------------------------|--|
